Analytical thinking

Communication

Problem Solving

World citizenship

Languages

English (Required)

Nationality

You have the minimum required nationalities

Any Nationality

Minimum study level

You do not have the minimum required study level

High School (Required)

Project

The project aims to contribute to SDG #4 by generating activities & knowledge needed to live in natural conditions like mathematics, intercultural communication, and teamwork, also by including creative & effective learning styles like storytelling, playing games, etc. Additionally, the project is aiming to teach participants about how to minimize the usage of technologies to connect with nature through becoming characters, for example, from mythology or legends, learning bushcraft & learning how to use what Mother Nature has given to us.

This project contributes to,

Quality Education - Target 4.1

By 2030, ensure that all girls and boys complete free, equitable and quality primary and secondary education leading to relevant and effective learning outcomes
